Minor in Possession

ITEM # W 125

COURSE DESCRIPTION

The course intervenes in the faulty thinking processes that allows minors in possession to possess and use illegal substances.

Most people don't become fully cognizant until age 25. This lack of self-awareness and proper thinking is a major contributor to minors in possession and their problems. Unlawful use of drugs and alcohol are just symptoms of deeper faulty thinking errors. The goal of this course is to help minors get through this stage in their life and become responsible adults. If we never change faulty thinking, we can never change faulty behavior.
